

YOUTH DEVELOPMENT

Some curriculum development success stories can be highlighted:

Safiyyah Gardee
Lead Project Engineer,
NIDOTH Consulting
Company, South Africa

Safiyyah Gardee started her apprenticeship phase with NIMET, understanding the very idea and necessity for passing through an apprenticeship phase and transcending this phase to establishing her position with NIDOTH, developing a richer and deeper knowledge of her field and opening up so critically her future success.

Tebogo Ramaria
Building & Structural
Project Engineer
NIDOTH Consulting
Company, South Africa

Tebogo Ramaria used his apprenticeship journey to transform himself and transforming the knowledge he gained into creative energy, grounding himself in reality, in the practical and objective world of NIDOTH, using the skills with which he is gifted and taking up his unique place in the world.
